USPA NEWS - Imran Khan's Ousting Achieved Now Assassination on the Cards

Shazada Hayat President UICF (UK) and international community welfare campaigner is on record warning Pakistan in the first week of March 2022, long before "Lettergate" emerged, that the foreign powers and the dark forces nationally and internationally have planned and ordered the demise of Prime Minister Imran Khan. Since the revelation by Shazada Hayat, unprecedented mayhem has taken place in Pakistan.

The then Prime Minister of Pakistan Imran Khan on 27th March 2022 addressed the public, reference "Lettergate." On 3rd April 2022 the Pakistan National Assembly was dissolved by the President Arif Alvi of Pakistan. The National Assembly was reinstated by the Pakistan Supreme Court order on 8th April 2022.

The Pakistan Prime Minister Imran Khan was ousted from power by way of a no confidence vote on 9th April 2022. All the PTI parliamentarians resigned from parliament on 11th April 2022, as they refused to sit in parliament with the new Shehbaz Sharif coalition government, whom they termed as the imported government of Pakistan. The supporters of Prime Minister Imran Khan, at very short notice, jammed the capital of Pakistan Islamabad, showing their solidarity and resentment at how injustice has been carried out against the prime minister, by the combined opposition.

The whole of Pakistan and the world was amazed, including the new government, at the record number of public, which turned out in Peshawar KPK on 14th April 2022 and also in Karachi on 16th April 2022. There have also been simultaneous widescale demonstrations and protests by the overseas Pakistani community around the world. London, Paris, New York, Dubai and many other cities witnessed demonstrations by the overseas Pakistani community, the likes of which have never been seen before by the Pakistani community,

said Shazada Hayat.
The vast overwhelming majority of the Pakistani public and the overseas Pakistani community have been closely monitoring and witnessed the treatment dished out against the then Prime Minister Imran Khan, by the combined opposition in Pakistan.

The demonstrations and protests held in Karachi Pakistan brought a flood gate of protestors in an unprecedented scale, which was witnessed by the world. This was a grave cause of concern for the new government, the guardians of Pakistan and has also disappointed and shocked the foreign stakeholders. The uncontrollable public momentum for the support of Imran Khan has gathered alarming and unprecedented pace inside and outside of Pakistan. These types of demonstrations and protests have never been witnessed inside or outside of Pakistan before. Those nationally and internationally who were trying to celebrate the ousting of Prime Minister Imran Khan, the celebrations have now become a nightmare for the internal and foreign stakeholders in Pakistan.

They have been perplexed to see by ousting Imran Khan out of office has turned him into a national hero and are fearing that he will come back into power as a much stronger leader with over two third majority if the elections were called tomorrow.
The enemies of Imran Khan feel that he has won the hearts, minds and sympathy of the Pakistani nation and the overseas Pakistani community around the world.

The current situation of mass public support was never envisaged by those who wished and planned to see the back of Imran Khan. As a result, those who have developed hate for Imran Khan, the dark forces inside and outside Pakistan and the enemies of Pakistan have embarked on the second plan and operation against the former Prime Minister of Pakistan Imran Khan, which is to assassinate him so he may also join the list of past historical assassinations such as: Abraham Lincoln, Mahatma Gandhi, John F. Kennedy, Martin Luther King, Liaquat Ali Khan and Mohtarma Benazir Bhutto, said Shazada Hayat.
There are apparently three assassination cell operatives already on the ground in Pakistan, waiting for the order and the right moment to carry out their sinister and heinous mission of murdering Imran Khan. One of the assassination operatives is roaming in Pakistan to carry out the mission is homegrown and internal based. The second assassination unit has arrived in Pakistan on the order of the

foreign intelligence service. The third assassination operative is the opportunist, to carry out the assassination to deflect attention from current world affairs, such as the war in Ukraine.

If one of these assassination operative units is successful, they will put the blame on the other unit. Those who are wishing, planning and ordering the assassination of the former Prime Minister and the nation's cricketing super star hero and charity welfare hero, need to seriously consider, understand and comprehend the dire consequence.
Firstly, for those responsible internally and accused and blamed for the murder of Imran Khan will feel the wrath of the Pakistani public, worse than hell on earth for them and their generations to come. With regards to the enemies of Pakistan if and when they carry out such a heinous crime against Pakistan, are also advised to think very seriously of the catastrophic consequence. The patience and tolerance of the Pakistani nation must never be put to test as if this great nation erupts it will be like a volcano, which will be more dangerous and deadly than Vesuvius the volcano that erupted in Pompei Italy.

The great defenders of Pakistan are urged to respect the wishes and grant the Pakistani public their wishes accordingly over and above the judiciary and the parliamentarians' interests as the public and people power takes precedence. Above all else the guardians of the nation are also urged to upgrade the security and protection forthwith of the former Prime Minister Imran Khan to maximum red alert.

If the dark forces and the enemies of Pakistan are successful in achieving their aims and objectives of assassinating Imran Khan then the country will see the biggest revolt and civil war the likes of which have never been witnessed before, which will also spill over into other countries. This is what the real and sworn enemies of Islam and Pakistan really want to achieve. Therefore, Pakistan army and the great patriotic Pakistani public must regroup and take on the internal and external enemy of Pakistan, with full might and vigour and show the world that Pakistan armed forces and the Pakistani patriotic public are one united force, to defend the national interest and security of their motherland, Pakistan come what may.
said Shazada Hayat.
